Group ideas

Take turns sharing your ideas while clustering similar or related notes as you go. In the last 10 minutes, give each cluster a sentence-like label. If a cluster is bigger than six sticky notes, try and see if you can break it up into smaller sub-groups.

TIP

Add customizable tags to sticky notes to make it easier to find, browse, organize, and categorize important ideas as themes within your mural.

Prioritize

Your team should all be on the same page about what's important moving forward. Place your ideas on this grid to determine which ideas are important and which are feasible.

20 minutes

Importance

If each of these tasks could get done without any difficulty or cost, which would have the most positive impact?

Feasibility

Regardless of their importance, which tasks are more feasible than others? (Cost, time, effort, complexity, etc.)

Improved efficiency for patients and providers

Helps to identify the type of heart diseases

Conveniently monitor and manage longterm patient care

Can also suggest for better tips to patients

No age limitations of patients.

It should always have a two-step Verification for correct results.

TIP

Participants can use their cursors to print at where sticky notes should go on the grid. The facilitator can confirm the spot by using the laser pointer holding the W key on the keyboard.
